It would be hardly possible to put the free trade case more. charts or more strongly. The Auguments which President Cleveland uses are those which Mr. (Solek n need to employ forty-feet years ago, and which any English free trader would employ now. They are purely the trade arguments, and as such we are very glad to see Mr. Cleveland using them. though sorry for the popular infalgation which makes it dangerous to give them their right name. - London Tracs.

He discusses the principles at being in the struggle and shows that he is a free trade. randed to the everything but The reservation is no Important one for American party purposes. The President fiels compalled to characteries the attempt to brand hun a fire trader as a deseptron of his currice. For all that, the cleatoral conflict now in progress is a conflict between free trade and protestion, and making less-lon-

The only now England can ga - i Celt is when he emigrates to America and votes for free trade.-London Time.

bearing we errived at the escolution that the caption was naggarded to the orator by a grouping of the points of his own speech when to course of preparation. For instance he referred to Mr. Bisloofs brist reference to transa in his Portland speech, but very earefully refrained from any allution to the fact that Mr. Bisloofs point was that free trude England abounds in trusts, hence the declaration that standard his combinations in the United States are the subgrowth of a projective teriff is manifestly false. Nor did he with referring to the itsandard of il Trust as the greatest orius become in modern history call attention to the fact that this Democratic combine piscod a man in President Oleraenuithes placed a man in President Cleve-lund's Cultinet, or that it had placed a Drusorratin Hennter from Chile in the balls of Congress to do its hidding. Mr. Dealti-tic also pictured the date ovils of a susples in the traceury, but registered to inform his hearens that Democratic extravagence has run not until the broders in Weshington are revisedly alarmed lest they have wined out. our citd he sigts what is the feet, no that the effect of the MHs bill would be to learness rather than dissinful the surples. A drawy picture of the hardship of some clarter of workingmen was another finance of Mr. Involvin's remarks, but he failed to give his hearist any outline of the condition of things in free trade Regimed, where the working people are so destints that in faudon alone one in every five disc either in the sine house or city heaping. The speaker also queted his. Inwalety, but we intend in value for any reference to the well remembered meaning their routine crows of his head to the sole of his feat," a remark of unqualified approval of the very system which Mr. Dochttie denounced a rubbery perpetrated in the interest of the capitalist. If the tariff is of no benefit

> We uright go on indufinitely, but these fow litertrations will show that it was half truths instead of whole truths that Mr. Daolittle was interested in getting before his nucleose. If any working he-fore his nucleose. If any working man who heard the speaker last night is in doubt of the different to between wages no-der greatestion and fove tends let him study she table given the whore.
